

## **Sales and Agency Professional Trainee Scheme**

**Up to £24,500 + bonus + benefits**

**Various locations across the UK (Including Northern Ireland)**

Looking for an opportunity to grow with a hugely successful company? Want to enjoy on-the-job learning and gain relevant professional qualifications whilst adding value to our business? Look no further. Here at NFU Mutual, we've got ambitious plans for the future. That's why we need individuals who have the potential to shape the future of our £billion, award-winning organisation to join us.

### **About the Scheme**

We're proud of our personal local service, and our agency network plays a key role in delivering this and driving the business forward to meet strategic goals. Getting stuck into the Regional Sales & Agency scheme, you'll spend two years gaining experience that will be invaluable to the growth of your future career. You'll be based in one of our regional sales teams, where you'll become licensed to sell our products as you enjoy a structured development programme.

You can look forward to exciting work, hands-on exposure and the opportunity to gain valuable professional qualifications. It's insightful, varied and dynamic. With a dedicated mentor and a great support network, you'll have everything you need to develop a rewarding career.

### **About you**

Alongside a good degree, you'll need to have an enthusiastic, positive and proactive nature – that's really important. You're someone who's keen to learn and get involved; someone who grabs hold of opportunities rather than waiting for them to come. You pair ambition and determination with excellent team working and people

skills. And right now, you'll be ready to thrive and make your mark on everything the scheme brings your way. You'll effectively collaborate with colleagues and build strong professional relationships at every level throughout your journey here.

### **The rewards**

We firmly believe that the more you're actively involved in, the more you're doing, the more you'll learn and the faster you'll develop. And like the development opportunities we offer, the benefits are ample. As well as a generous salary, they include a contributory pension scheme, company performance related bonus, flexi-time and 25 days' holiday.

### **About NFU Mutual**

We've grown to become one of the UK's most successful general insurers, with over 3,500 talented people working in our offices nationwide. An award-winning general insurance and financial services organisation, we're proud of our leading status in the UK and even more proud of the relationships we have with our customers. We trade on trust and respect, built up over time, and a truly personal service.
