You will have received your Unique Learner Number through your school. If you do not remember it or have mislaid it, please contact your school.

Q5. Are there interviews to get onto a course?

For those applying to degree courses we can hold career advisory discussions on request. These make sure you have applied for the right course, fully understand the entry requirements, including work experience, and answer any questions you may have. The discussion can take place on campus, over the telephone or using video call technologies such as Teams or Zoom.

If you are under 18 years of age you should have a parent(s) or guardian with you.

The minimum standard of English and Maths to get on to the course is a Grade C at GCSE.
